

Cistell Slim Collection

Chair, stool and lounge

Cistell Slim is the most synthesized version of the Cistell family. The Slim version is compact without renouncing comfort and ideal for small spaces.

Cistell Slim is available in a chair, lounge and stool model. The different types of metallic and wooden legs, together with the different back options in either natural wood, dyed wood or upholstery, suggest a wide variety of combinations.

Cistell Slim chair with wooden legs

Chair with upholstered seat and turned solid beech or ash legs. Backrest in beech, ash or walnut plywood, natural wood, dyed or lacquered finish depending on the material. Possibility to upholster the interior or all of the backrest.
