"Cuando Esteve y Joan Vergés nos pidieron asumir la dirección de arte de esta nueva etapa, tuvimos claro que el territorio donde se encuentra Vergés sería una sugerente fuente de inspiración. En la Garrotxa, una zona de origen volcánico en el que abundan bosques y hayedos, los cambios de estación son muy perceptibles en el entorno natural, toda esta riqueza de tonalidades y matices han sido sin duda un gran referente a la hora de seleccionar los colores y acabados para la colección de Vergés 2020."

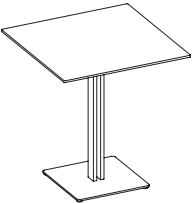

Ana Mir, emiliana design studio

'When Esteve and Joan asked to take over art direction for this new phase, we knew the land surrounding the Vergés' facilities would be an enticing source of inspiration. In Garrotxa, an area with volcanic origins where forests and beech trees flourish, seasonal changes in the natural landscape are highly noticeable. No doubt, those rich tonalities and nuances have served as a reference for selecting the colours and finishes of the 2020 Vergés collection.'
